“

*It's a really rewarding  
experience to see a kid  
start to show positive  
change. That's when I know  
I made a great decision to  
become a foster carer.”*

## Your home has the power to change a child's future

When a child can no longer live with their birth parents or family, a foster home provides a place of comfort and stability.

By becoming a foster carer, you provide a child the chance to heal, grow, and experience care in a nurturing environment by sharing your home.

Anchor is seeking people like you to join our cause of providing every child with adults in their lives who care for them and their wellbeing.

Together, we can provide them with a safe and healthy home environment.

## How will I know if I have the skills to be a foster carer?

Simply put, everyone can be a foster carer.

The most important part is having the time, space and compassion for supporting foster children.

Whether you are married, in a de facto relationship, single, LGBTQIA+, or speak English as a second language, what truly matters is your kindness, patience, and care.

Anchor is there for all our foster carers with 24/7 support, along with training and guidance to help you be the amazing person that your foster child needs.

## Getting started on your foster care journey

Anchor is here to help you every step of the way. Our team can help with all enquiries and questions about becoming a foster carer.

To take the first step towards supporting children, scan the QR code below to find out more on our Anchor foster care page.
