# Lilydale Youth Foyer

The Lilydale Youth Foyer is a program that combines support and accommodation for young people with an experience of homelessness, with a focus on connection to education, training and/or employment.

The goal is to support young people to develop or reconnect with the tools and skills that will help to achieve their goals.

#### At the Foyer, young people are provided:

- 1 A safe, secure and affordable place to live and study/work
- 2 Skills, knowledge and resources to achieve personal goals
- 3 Different fun activities designed to connect with community, build confidence, and develop living skills
- 4 Access to relevant service providers, local community groups, education, and employment opportunities
- 5 Information and resources to help young people find accommodation after they leave Foyer

## JP's Story

When 'JP' was 17, he left his home and went into a youth refuge due to a relationship breakdown with his family.

He moved into a Foyer property and started the program with the other students, attending workshops, program activities and developing the tools and skills for life.

During his stay, JP finished year 11 and started an apprenticeship. He was supported to get his learners permit and support to get his driving hours, he accessed counselling and completed his Certificate I in Developing Independence.

When it came time to leave the program, he worked with Anchor staff who supported him to find share housing and provided him with financial assistance to get set up at his new place.

“  
I wouldn't be where I  
am today if it wasn't  
for Anchor.”
